Component Unit Year End Reporting Memorandum – FY 2005

Summary

This document provides guidance for the preparation and submission of component unit and related organization financial statements / templates, attachments, and other supplemental information.

The **Introduction** section explains the reason submissions to the Department of Accounts are required, outlines necessary peer review report submissions, and discusses the early implementation of GASB pronouncements.

The **Component Units** and **Related Organizations** sections define component units and related organizations, identify applicable entities for the Commonwealth, and summarize financial submission requirements. Due dates vary based on the nature of each entity. A complete list of due dates is located on pages 6-7.

The **Submission of Financial Statements / Templates and Attachments** section discusses the importance of due dates, outlines the means available to submit information to the Department of Accounts, lists the internet location of this document, and references contact information for individuals who can provide assistance.

Component Unit Year End Reporting Memorandum – FY 2005, Continued

Summary (continued)

The **Preparation of Financial Statements / Templates and Attachments** section addresses selected GASB Statements, Technical Bulletins, and Interpretations. The **GASBS No. 33 – Nonexchange Transactions Overview** and **GASBS No. 34, Financial Reporting Model Overview** sections provide additional reporting guidance.

The **Supplemental Information** section outlines additional submission requirements for selected component units. This section is applicable for:

- **Hampton Roads Sanitation District Commission**
 - **Small Business Financing Authority**
 - **Virginia Housing Development Authority**
-

Introduction

Reason for submission requirements

Financial statements / templates, attachments, and supplemental information are required for the preparation of the Commonwealth's Comprehensive Annual Financial Report (CAFR). Bond rating agencies use the CAFR to determine Virginia's bond rating, and they require that parts of the CAFR are included in bond offering statements. Maintaining an unqualified opinion on the CAFR is critical to Virginia's retention of its AAA bond rating.

Peer review report submissions

The Government Auditing Standards, commonly known as the Yellow Book, require auditors who are relying on another audit organization's work to request a copy of the audit organization's peer review report.

Those component units that are audited by an audit firm other than the Auditor of Public Accounts should be prepared to **have the auditors provide a copy of the most recent peer review report AND any accompanying letter of comment to the Auditor of Public Accounts.**

Early implementation of GASB statements

There will be **no** early implementation of any GASB statement for CAFR reporting purposes. Any entity that plans early implementation of any GASB statement should notify Ron Necessary, Director of Financial Reporting, immediately at (804) 225-2380.

Thank you

Thank you in advance for assisting to successfully complete the *Comprehensive Annual Financial Report* for fiscal year 2005.

Component Units

Definition

A component unit is a legally separate organization that is financially accountable to the primary government or has relationships with the primary government such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. The Commonwealth is required to incorporate the financial data of all component units in its financial statements.

Entities and applicable guidance

Component unit submission requirements are provided in the following documents which are located on DOA's website at www.doa.virginia.gov. Click on the "Financial Reporting" button, then click on "Financial Statement Directives."

- **Comptroller Directive 1-05, Financial Statement Template Preparation for Higher Education Institutions** (Higher Education)
- **Comptroller Directive 2-05, Directive Compliance Guidelines for State Agencies** (State Agency)

Preparation of Financial Statements / Templates and Attachments

Introduction

This section provides an overview of select existing and future GASB Statements, Interpretations, and Technical Bulletins to be considered when preparing financial statements / templates and data.

GASBS No. 7 disclosures

GASBS No. 7 provides guidance on required disclosures for refunding of debt for all governmental entities.

- At a minimum, the disclosures should include the difference between the cash flows required to service the old debt and the cash flows required to service the new debt and complete the refunding, and the economic gain or loss resulting from the refunding.
 - Please ensure this information is included in the entity's notes to the financial statements.
-

GASBS No. 27 net pension obligation entries

The Virginia Economic Development Partnership (VEDP), the Virginia Tourism Authority (VTA), and the Virginia Outdoors Foundation (VOF) **are required** to record a Net Pension Obligation (NPO) in their individual financial statements to comply with GASBS No. 27. The VEDP, VTA and VOF NPO is calculated as part of the Commonwealth's pension liability (a separate actuarial valuation is not done for VEDP, VTA or VOF), but the Commonwealth is not considered the employer for VEDP, VTA or VOF.

DOA will provide any applicable information in a separate communication. Other entities that need to record a NPO are responsible for computing the amount.

GASBS No. 28 securities lending entries

DOA will provide asset, liability, income, and expense amounts for each entity's share of securities lending transactions, if any, held in the General Account of the Commonwealth. This information and guidance on where these amounts should be recorded in the financial statements will be provided in a separate communication.

GASBS No. 33 – Nonexchange Transactions Overview

Definition of nonexchange transactions

Nonexchange transactions are those transactions where a government gives (or receives) value **without** directly receiving (or giving) equal value in return. GASBS No. 33, *Accounting and Financial Reporting for Nonexchange Transactions*, and GASBS No. 36, *Recipient Reporting for Certain Shared Nonexchange Revenues*, provide guidance on reporting nonexchange transactions. The four types of nonexchange transactions are as follows:

Derived Tax Revenues – assessments imposed by governments on exchange transactions.

Imposed Nonexchange Transactions – assessments by governments on nongovernmental entities, including individuals, other than assessments on exchange transactions.

Government-mandated Nonexchange Transactions – a government at one level provides resources to a government at another level and requires that government to use the resources for a specific purpose or purposes established by the provider’s enabling legislation.

Voluntary Nonexchange Transactions – result from legislative or contractual agreements, other than exchanges, entered into willingly by two parties.

Derived tax revenue – recognition requirements

Examples: sales taxes, personal and corporate income taxes, motor fuel taxes, and similar taxes on earnings or consumption

Asset Recognition:

Period when underlying exchange has occurred or when resources are received, whichever is first.

Revenue Recognition:

Period when underlying exchange has occurred. (Report advance receipts as deferred revenues.) When modified accrual accounting is used, resources also should be available.

GASBS No. 33 – Nonexchange Transactions Overview,

Continued

Imposed nonexchange transactions – recognition requirements

Examples: property taxes, most fines and forfeitures

Asset Recognition:

Period when an enforceable legal claim has arisen or when resources are received, whichever is first.

Revenue Recognition:

Period when resources are required to be used or first period that use is permitted. When modified accrual accounting is used, resources also should be available.

Government- mandated / voluntary nonexchange transactions – recognition requirements

Examples: government-mandated nonexchange transactions – federal government mandates on state and local governments / voluntary nonexchange transactions – certain grants and entitlements, most donations

Asset and Liability Recognition:

Period when all eligibility requirements have been met or (for asset recognition) when resources are received, whichever is first.

Revenue and Expenditure / Expense Recognition:

Period when all eligibility requirements have been met. (Report advance receipts or payments for use in the following period as deferred revenues or advances, respectively.) When modified accrual accounting is used for revenue recognition, resources also should be available.

Note: Eligibility requirements are discussed on the following page.

Overall recognition requirements

Revenue transactions that do not meet the revenue recognition requirements in GASBS No. 33 and GASBS No. 36 must be reclassified as deferred revenue. Expenditure / expense transactions that do not meet the expenditure / expense recognition requirements in GASBS No. 33 must be reclassified as an advance. That is, until those requirements are met, the provider does not have a liability or recognize an expenditure / expense.

Continued on next page

GASBS No. 33 – Nonexchange Transactions Overview,

Continued

Eligibility requirements

The eligibility requirements are conditions established by enabling legislation or by the provider that must be met before a **nonexchange** transaction can occur. The eligibility requirements are:

- Required characteristics of recipients: The recipient has the characteristics specified by the provider. (For example: Under a certain federal program, recipients are required to be states & secondary recipients are required to be school districts.)
- Time requirements: Time requirements specified by enabling legislation or by the provider have been met. (For example: The period when the resources are required to be used, or when use may begin.)
- Reimbursements: The provider offers resources on a reimbursement (expenditure driven) basis, and the recipient has incurred allowable costs under the applicable program.
- Contingencies (applies only to voluntary nonexchange transactions): The provider's offer of resources is contingent upon a specified action of the recipient and that action has occurred.

GASBS No. 33 footnote disclosure

GASBS No. 33, paragraph 11, states that under either basis of accounting (modified accrual or accrual) recognition of transactions is only required if measurable (reasonably estimable) and probable of collection. GASBS No. 33 requires footnote disclosure of transactions that are not recognizable because they are not measurable.

GASBS No. 33 / GASBS No. 36

GASBS No. 33 and GASBS No. 36 requirements must be followed when preparing GAAP basis (GASBS No. 34) financial statements or financial statement templates (Attachment CU4).

Refer to GASBS No. 33 and GASBS No. 36 for additional guidance and examples of nonexchange transactions and eligibility requirements.

GASBS No. 34, Financial Reporting Model Overview

Background

GASBS No. 34, Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments, modified the financial reporting requirements for governmental entities. GASB Interpretation No. 6, Recognition and Measurement of Certain Liabilities and Expenditures in Governmental Fund Financial Statements, clarifies the application of standards for modified accrual recognition of certain liabilities and expenditures in areas where differences have arisen, or could arise, in interpretation and practice. GASBS No. 37, Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments: Omnibus, clarifies certain provisions in GASBS No. 34.

GASB has issued the following implementation guides to provide additional guidance:

- 1st Implementation Guide (April 2000)
- 2nd Implementation Guide (January 2002)
- 3rd Comprehensive Implementation Guide (June 2003)
- 4th Comprehensive Implementation Guide (September 2004)

GASBS No. 34, Financial Reporting Model Overview, Continued

Statement of Net Assets – overview

Assets and liabilities must be in order of relative liquidity or presented in a classified format to identify current (converted to cash within one year / due within one year) and noncurrent assets and liabilities (converted to cash in greater than one year / due in greater than one year). If the classified format is not used, liabilities with average maturities greater than one year must be reported separately as amounts due within one year and amounts due in greater than one year. **Proprietary funds must use the classified format.**

Cash and cash equivalents (original maturity of 90 days or less) must be reported separately from investments (original maturity of greater than 90 days). Distinguish between Cash and Cash Equivalents with the Treasurer, Cash and Cash Equivalents not with the Treasurer, Investments with the Treasurer, and Investments not with the Treasurer.

Depreciable and nondepreciable capital assets must be reported on separate line items. This does not apply to the Balance Sheet for Governmental Funds because capital assets are not reported on those statements. Capital Assets are only reported in the Government-wide Statement of Net Assets for Governmental Funds.

For the Statement of Net Assets, the fund balance / retained earnings and contributed capital are called net assets under GASBS No. 34 and must be displayed in three broad components:

- 1. Invested in capital assets, net of related debt**
- 2. Restricted (including a description of each type of restriction)**
- 3. Unrestricted**

The following sections provide definitions of Invested in Capital Assets, Net of Related Debt, and Restricted Net Assets. **Unrestricted** net assets consist of net assets that do not meet the definition of “restricted” or “invested in capital assets, net of related debt.”

Continued on next page

GASBS No. 34, Financial Reporting Model Overview, Continued

Statement of Net Assets – Invested in Capital Assets, Net of Related Debt

This component of net assets consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other **borrowings** that are attributable to the acquisition, construction, or improvement of those assets. This component does not include accounts payable related to capital assets because an accounts payable is not considered a borrowing. If there are significant unspent related debt proceeds at year-end, the portion of the debt attributable to the unspent proceeds should not be included in the calculation of invested in capital assets, net of related debt. Rather, that portion of the debt should be included in the same net asset component as the unspent proceeds - for example, restricted for capital projects.

Statement of Net Assets – Restricted Net Assets

Restricted net assets should be reported as restricted, including a description of the restriction, when constraints placed on net asset use are either:

- Externally imposed by creditors, grantors, contributors, or laws or regulations of other governments
- Imposed by law through constitutional provisions or enabling legislation

GASBS No. 34 1st Implementation Guide, question 95 states the following: “The basic concept is that restrictions are not unilaterally established by the reporting government itself and cannot be removed without the consent of those imposing the restrictions or through formal due process.” **Any resources that are classified as program revenue – operating or capital grants & contributions are restricted.**

If restricted net assets include amounts related to permanent endowments or permanent fund principal, the expendable and nonexpendable components must be reported separately.

- See GASBS No. 34 for further guidance on restricted net assets.

GASBS No. 34, Financial Reporting Model Overview, Continued

Statement of Activities – revenue classification

GASBS No. 34 requires revenue to be classified as one of the following on the Government-wide Statement of Activities:

- General Revenue
- Contributions to Term and Permanent Endowments and Contributions to Permanent Fund Principal
- Program Revenue – Charges for Goods / Services
- Program Revenue – Operating Grants and Contributions
- Program Revenue – Capital Grants and Contributions

Program revenue must also be classified by expenditure function. For CAFR reporting purposes, the function is the entity.

Statement of Activities – General Revenue

All revenues are general revenues unless the revenues are required to be reported as program revenues. General revenues consist of the following categories:

- Taxes (source codes 01xxx)
- Investment Earnings
- Grants & Contributions Not Restricted to Specific Programs
- Miscellaneous

All taxes, even those that are levied for a specific purpose (for example, sales tax, property tax, franchise tax, income tax) are general revenues. All other non-tax revenues (including interest, grants and contributions) that do not meet the criteria to be reported as program revenues should also be reported as general revenues.

Statement of Activities – Contributions to Term and Permanent Endowments

Contributions to term and permanent endowments and contributions to permanent fund principal must be reported as a separate revenue line item. Permanent endowment and permanent fund principal is not expendable. Term endowment principal is not expendable until after a specified time period or after a designated event.

Continued on next page

GASBS No. 34, Financial Reporting Model Overview, Continued

Statement of Activities – Program Revenue

The following are descriptions of the classifications of program revenue.

- **Charges for Goods / Services** – include revenues based on exchange or exchange-like transactions. These revenues arise from charges to customers or applicants who purchase, use or directly benefit from the goods, services, or privileges provided, or otherwise directly affected by the services.
- **Operating Grants and Contributions** – include revenues arising from mandatory and voluntary nonexchange transactions with other governments, organizations, or individuals that are restricted for use in a particular program. Grants and contributions that may be used either for operating expenses or for capital expenditures of the program at the discretion of the reporting government should be reported as Operating Grants and Contributions.
- **Capital Grants and Contributions** – include revenues arising from mandatory and voluntary nonexchange transactions with other governments, organizations, or individuals that are restricted for use in a particular program. Some grants and contributions consist of capital assets or resources that are restricted for capital purposes (to purchase, construct, or renovate capital assets associated with a specific program). These items should be reported as Capital Grants and Contributions.

Multipurpose Grants (grants that provide financing for more than one program) – should be reported as program revenue if the amounts restricted to each program are specifically identified in either the grant award or the grant application. Multipurpose grants that do not provide for specific identification of the programs and amounts should be reported as General Revenues.

Earnings on endowments or permanent fund investments should be reported as program revenues if restricted to a program specifically identified in the endowment or permanent fund agreement or contract. However, these earnings should be reported as General Revenue if the earnings are used to finance general operating expenses. Earnings on investments not held by permanent funds also may be legally restricted to specific functions or programs. For example, interest earnings on State grants may be required to be used to support a specific program.

Component Unit Year End Reporting Memorandum – FY 2005
Attachment CU3 – Instructions
GASBS No. 14 Checklist Modified to Reflect GASBS No. 39

Purpose

This attachment is a checklist used to evaluate, based on GASBS No. 14 and GASBS No. 39 criteria, each organization, foundation, or commission within an entity for possible inclusion as a component unit in the CAFR.

The entity will need to evaluate any potential organizations, foundations, or commissions related to the entity. For this attachment, the entity (e.g. Virginia Biotechnology Research Park) is the primary government (PMG) and **NOT** the Commonwealth. This attachment will help the entity evaluate whether inclusion of the organization, foundation, or commission is required in its statements. If an organization, foundation, or commission is determined to be a component unit, the GASBS No. 39 Reporting Entity Checklist is also used to evaluate the method of disclosure.

Note: This attachment is similar to prior year Attachment CU5.

Applicable entities

- A.L. Philpott Manufacturing Extension Partnership
- Hampton Roads Sanitation District Commission
- Small Business Financing Authority
- Tobacco Indemn. and Community Revitaliz. Commission (Agency 851)
- Virginia Biotechnology Research Park Authority
- Virginia Economic Development Partnership (Agency 310)
- Virginia Equine Center Foundation and Virginia Horse Center Foundation
- Virginia Housing Development Authority
- Virginia Outdoors Foundation (VOF)
- Virginia Port Authority and Virginia International Terminals
- Virginia Resources Authority
- Virginia Tobacco Settlement Foundation (Agency 852)
- Virginia Tourism Authority (Agency 320)

NOTE: If this entity has any **foundations** or **discrete component units**, the entity must also complete **Attachment CU12, Intrafund Activity**.

Blended component unit activity should be reported net of intrafund eliminations.

**Submission
requirements**

Contact DOA if the entity has any problems with the files.

After downloading the file, rename the spreadsheet file using the entity's acronym or name, a dash, the potential organization's name, a dash, and the attachment number (AttCU3). For example, if the Virginia Resources Authority was submitting an attachment, the file name would be VRA-XXX-AttCU3.doc (where XXX is the potential organization's name).

If there is no potential organization to evaluate, complete the contact information and bold or highlight **DOES NOT** have any potential component units, foundations or related organizations to evaluate. Follow the submission instructions above.

Submit the Word document electronically to finrept@doa.virginia.gov.

Copy APA via E-mail to APAFinRept@apa.virginia.gov.

Do not submit paper copies of the Word attachment.

**Attachment
revisions**

If attachment revisions are made subsequent to DOA acknowledgement of receipt and acceptance of the original attachment submission, **resubmit the revised attachment AND complete the Revision Control Log Tab in the attachment excel file.**

Enter the revision date, applicable excel file tab name, row number and column letter revised, and the previous and revised information. Document text changes and numerical changes. Only enter changes for amounts actually keyed. For example, if a non-keyed, calculated total changes as a result of the revision, this does not need to be documented on the Revision Control Log.

If the attachment is revised more than once, do not delete control log revision information from the previous revision. Enter the new revision date and the additional revisions in the rows following the initial revision rows. This log should document all revisions from the initial attachment submission.

**General
information**

1. The template includes numerous features, including automated comments and validation messages, to assist in the preparation and review of financial data.
 2. Cash, cash equivalent, and investment footnotes (tabs 1A, 1B, & 1C) have changed for fiscal year 2005 due to the implementation of GASBS No. 40. Refer to **Attachment CU6, Schedule of Cash, Cash Equivalents, and Investments at June 30**, for guidance on completing these tabs.
 3. Ensure that all footnote tabs applicable to the data entered on the statements are completed. All component units must complete **Tab 6a – Short-term Debt, Tab 7 – Commitments, and Tab 10 – Miscellaneous**.
 4. For information regarding GASBS No. 33 – Nonexchange Transactions Overview, refer to pages 13-15 of the **Component Unit Year End Reporting Memorandum – FY 2005**.
 5. For information regarding GASBS No. 34 – Financial Reporting Model Overview, refer to pages 16-20 of the **Component Unit Year End Reporting Memorandum – FY 2005**.
 6. Contact those listed in the **Questions** section on page 8 of the **Component Unit Year End Reporting Memorandum – FY 2005** if additional guidance is required.
 7. Cells highlighted in yellow require data input.
 8. Cells highlighted in blue provide assistance based on entity input.
 9. If a template amount has a footnote number reference, the corresponding spreadsheet tab must be completed.

Attachment CU5 - Instructions
Federal Schedules

Purpose

This attachment is used to provide DOA with the Federal Schedules needed to prepare the statewide **Schedule of Expenditures of Federal Awards (SEFA)** for the Single Audit Report.

The Single Audit Report is required for compliance with the Single Audit Act Amendments of 1996 and OMB Circular A-133.

This attachment is similar to prior year Attachment CU-3.

**Applicable
agencies and
requirements**

All component units must submit the Attachment file to DOA:

- To identify the entity's auditor for FY 2005
- To certify **whether or not** the entity received or disbursed Federal funds in FY 2005.

Each component unit must report its DUNS number as well as its EIN number on the Attachment file. This is a new requirement. DUNS number information is available at www.smallbusiness.dnb.com. Contact Rob Meinhard at (804) 371-7807 or by E-mail at rob.meinhard@doa.virginia.gov if you have questions.

If the Auditor of Public Accounts (APA) is the entity's auditor for FY 2005, **AND** the entity received or disbursed Federal funds in FY 2005, the entity is **REQUIRED TO USE** the files listed below.

- Template – used to prepare the applicable federal schedules
 - Reconciliation – used to reconcile the Schedule of Expenditures of Federal Awards to the applicable attachment (CU4 or CU10).
-

Due date

All entities must submit by **September 1, 2005**.

Entities providing financial statements should submit the reconciliation by **September 1, 2005** if possible. Otherwise, submit the reconciliation with the financial statements by **September 27, 2005**.

Submission requirements/ templates

Contact DOA if the entity has any problems with the files. If an entity is required to complete the federal schedule template and reconciliation template and is not listed below with an assigned code, contact the individual listed in the **Questions** section on page 3.

Entities completing only the Attachment file:

After downloading the file, rename the file to identify the entity. For example, the Virginia Outdoors Foundation could rename the Attachment file as VOFAAttCU5.

Entities completing the Attachment file, Template file, and the Reconciliation file listed on page 1 of this Attachment:

After downloading the files, rename the files using the assigned code identified below followed by the identifying file name.

- Virginia Port Authority – 407
- Innovative Technology Authority - 934
- A. L. Philpott Manufacturing Extension Partnership – 1001
- Virginia Small Business Financing Authority – 1002
- Virginia Outdoors Foundation -1003
- Virginia Biotechnology Research Park Authority – 1004

For example, the A. L. Philpott Manufacturing Extension Partnership should rename the files as follows:

1001AttCU5.doc (Attachment File)
1001AttCU5federal schedules.xls (Template File)
1001AttCU5recon-cu.xls (Reconciliation File)

DOA will not accept any Federal schedules that are not in the formats required by this Directive. Entities that fail to use the required formats will be asked to resubmit the schedules to DOA and will be cited for noncompliance in the Report on Statewide Financial Management and Compliance (Quarterly Report).

Submit the files electronically to finrept@doa.virginia.gov.

Copy the APA via E-mail to: APAFinRept@apa.virginia.gov.

Do **not** submit paper copies of the attachment.

**Attachment
revisions**

Entities that believe revisions are necessary to the federal schedules after the initial submission to DOA must contact Penny Williams **BEFORE** sending the revisions to DOA. See the Questions section below for contact information.

**Resolution of
prior year
findings**

Entities will be required to submit information regarding resolution of prior year audit comments to the Comptroller. Specific reporting requirements and due dates will be forthcoming. Direct questions to Rob Meinhard, State Accounts Receivable Coordinator, at (804) 371-7807 or E-mail at rob.meinhard@doa.virginia.gov.

Questions

If the entity has any further questions about preparing the Federal schedules, contact Penny Williams, Indirect Cost Coordinator, at (804) 225-3804 or E-mail at penny.williams@doa.virginia.gov.

**Federal
schedules.xls
template**

The federal schedules.xls workbook includes five tabs with each tab representing a different federal schedule within the workbook. The tabs are located at the bottom of the screen. Clicking once on the desired tab will allow you to get to a specific federal schedule. An overview of the five tabs and what should be reported on each tab is discussed in the next section.

Note: The Other Assistance tab has been eliminated. Amounts related to unknown CFDA numbers were reported on this tab in prior years. Entities are now required to report amounts related to unknown CFDA numbers on the appropriate tab(s).

**Overview of
federal
schedules**

All expenditures made from funds received directly from the Federal Government and federal expenditures/disbursements reported on all other tabs, **EXCEPT for the expenditures reported on the RECEIVED FROM NONSTATE tab**, should be reported on the SEFA tab. **This distinction is made because expenditures reported on the RECEIVED FROM NONSTATE tab are classified as “Indirect” expenditures in the Statewide report and all other expenditures/disbursements are classified as “Direct” expenditures.**

Therefore, federal expenditures and/or disbursements reported on the SEFA tab plus the total federal expenditures and/or disbursements reported on the RECEIVED FROM NONSTATE tab should equal total federal expenditures for the entity. The individual tabs are discussed below:

1. RECEIVED FROM STATE tab – pass-through funds received from other state agencies/institutions should be reported on this tab. **ANY EXPENDITURE MADE FROM THESE FUNDS SHOULD BE INCLUDED ON THE SEFA TAB.**
2. RECEIVED FROM NONSTATE tab – pass-through funds received from Non-state entities (**See definition of Non-state entities on page 6**) and expenditures made from the funds received should be reported on this tab. **EXPENDITURE AMOUNTS REPORTED ON THE RECEIVED FROM NONSTATE TAB SHOULD NOT BE INCLUDED ON THE SEFA TAB. THIS IS A CHANGE FROM THE PRIOR YEAR.**

Overview of federal schedules (continued)

3. DISBURSED TO STATE tab – pass-through funds disbursed to other state agencies/institutions should be reported on this tab. **THESE DISBURSEMENTS SHOULD ALSO BE INCLUDED ON THE SEFA TAB.**
 4. DISBURSED TO NONSTATE tab – pass-through funds disbursed to non-state entities (See definition of Non-state entities on page 6) should be reported on this tab. **THESE DISBURSEMENTS SHOULD ALSO BE INCLUDED ON THE SEFA TAB.**
 5. SEFA tab – all expenditures/disbursements made by the entity, **except for expenditures reported on the RECEIVED FROM NONSTATE tab**, should be included on this tab.
-

**Important
Items-General**

- Use the **cash basis** of accounting.
 - The spreadsheets in the federal schedules.xls and recon-cu.xls files **are designed so that you only need to fill in the yellow highlighted cells.**
 - Enter **whole dollar amounts** in all files to prevent rounding errors.
 - If N/A appears in any cell you have keyed, you have entered invalid data and you should recheck what has been keyed.
-

**Important
Items-Federal
schedules
template**

- If the CFDA number is entered and the incorrect Federal Program Name or Federal Program Grantor Name appears on any spreadsheet, **and you have verified the CFDA number is correct by checking the www.cfda.gov website**, please contact Penny Williams at (804) 225-3804 or E-mail at penny.williams@doa.virginia.gov for assistance.
 - Unknown CFDA numbers are those numbers where the Federal grantor is known but the CFDA number is unknown. You must include the first two digits of the CFDA number. (For example, 10.000 would be used if the Federal Grantor is the U.S. Department of Agriculture, but the CFDA number is unknown.)
 - **A column titled “Program Name - Unidentified CFDA Number” has been added to each tab in the Federal Schedules.xls file. Enter the program name (if known) in the new column if N/A appears in the program name column when the known and verified CFDA number is entered.**

Federal Schedules

Important Items-Federal schedules template (continued)

- Use “@” to indicate research and development (R & D) expenditures on any spreadsheet tab applicable. CFDA numbers that have **both** R & D expenditures and expenditures other than R & D should be listed on the appropriate tab two times: once **with** the “@” to identify the R & D expenditures, and once **without** the “@” to identify the expenditures other than R & D.
- Running totals are located on each spreadsheet tab.
- Do not use “-“ (dashes) to represent \$0.00. You must use the number “0”.
- Do not leave blank rows between rows of information within the spreadsheets when keying in data.
- The Federal Government is **not** a **non-state entity**. **Non-state entities** are counties, cities, towns, local governments, local governmental authorities, regional governmental authorities, public or private foundations, institutes, museums, and corporations or similar organizations which are not units of State government or political subdivisions of the Commonwealth as established by general law or special act. **(DO NOT** report disbursements to or receipts from the Federal government on the **Disbursed to Non-state Entities** and/or **Received from Non-state Entities** tabs.
- Pass-through disbursements to State or non-state entities should be reported as expenditures on the appropriate tab(s). **Do not eliminate any pass-through disbursements**. DOA eliminates pass-through transactions at a statewide level.
- Include indirect cost recoveries as expenditures on the SEFA tab.
- Refunds of Federal revenue should **not** be reported on any of the Federal Schedules.
- Combine grant expenditures and program-income expenditures to report the total expenditures for each Catalog of Federal Domestic Assistance (CFDA) number.
- Add the value of nonmonetary disbursements to the monetary expenditures to determine the total expenditures for CFDA numbers that have both monetary and nonmonetary disbursements. **If the entity has nonmonetary disbursements, contact the individual listed in the Questions section on page 3.**
- Use the hard copy or on-line (www.cfda.gov) version of the Catalog to verify the CFDA numbers and program names.

Federal Schedules

Important Items-Federal schedules template (continued)

- **Do not use CFDA number 00.000.** Contact the entity that provided the funds to determine the correct and complete CFDA number. At a minimum, each entity is required to identify the Federal grantor agency with the first two digits of the CFDA number (i.e., 10.000, 93.000).
- Do not report the expenditure detail for different grants within one CFDA number on the schedules. Instead, sum the expenditures and report the total expenditures for each CFDA number.
- OMB Circular A-133 defines research and development “as all research activities, both basic and applied, and all development activities that are performed by a non-profit organization.”
 - Research is a systematic study directed toward fuller scientific knowledge or understanding of the subject studied. Research also includes activities involving the training of individuals in research techniques where such activities utilize the same facilities as other research and development.
 - Development is the systematic use of knowledge gained from research directed toward the production of useful materials, devices, systems, or methods, including design and development of prototypes and processes.

**Important
Items-Pass-
through
schedules**

Do not include payments to vendors under contract for the purchase of goods and services on the pass-through schedules.

The medium through which payment is rendered (IAT, check, etc.) does not determine whether the relationship is vendor or subrecipient.

A **subrecipient** is “any person or government department, agency, or establishment that receives Federal financial assistance to carry out a program through a State or Local government, but does not include an individual that is a beneficiary of such a program.”

Consider the following characteristics to identify a subrecipient or vendor relationship.

Federal Schedules

Important Items-Pass-through schedules (continued)

SUBRECIPIENT

- Determines who is eligible to receive Federal financial assistance.
- Has its performance measured by meeting the objectives of the Federal program.
- Has responsibility for programmatic decision making.
- Has responsibility for adherence to applicable Federal program compliance requirements.
- Uses the Federal funds to carry out a program of the organization as compared to providing goods or services for a program of the pass-through entity.

VENDOR

- Provides the goods and services within normal business operations.
- Provides similar goods or services to many different purchasers.
- Operates in a competitive environment.
- Provides goods or services that are ancillary to the operation of the Federal program.
- Is not subject to compliance requirements of the Federal program.

DOA strongly encourages communication between entities exchanging Federal pass-through funds. Such communication ensures consistent reporting and reduces the time required for statewide compilation and audit. Contact Penny Williams at DOA if the entity needs assistance with identifying the Federal contacts at other agencies.

DOA will perform a variance analysis for pass-through funds received and pass-through funds disbursed among State agencies / institutions. DOA will investigate significant variances, and **State agencies / institutions will be required to explain these variances IN WRITING by a due date to be determined in future communications.**

**Important
Items-
Reporting loan
programs**

Report loan programs using criteria in the following table.

If the loan program is...	Then Federal Expenditures should be...
Campus based loan program (Perkins - #84.038, Health Professions Loans - #93.342, Nursing Student Loans - #93.364)	Loans receivable balances at year- end plus any administrative costs recovered.
Non-campus based loan program (Federal Family Education Loans - #84.032, Federal Direct Student Loans - #84.268, and #93.108 – Health Education Assistance Loans)	Value of loans disbursed during the fiscal year. Be sure to include subsidized and non-subsidized loan balances. Include PLUS loan balances if the university is the eligible lender (instead of the bank).
College Facilities Loan (#84.142)	Outstanding balances of loans payable at year-end.
Capitalization Grants for State Revolving Funds (#66.458) and Capitalization Grants for Drinking Water State Revolving Fund (#66.468)	Distributions to the Virginia Resources Authority for subsequent disbursements to subrecipients and administrative costs recovered.
Economic Adjustment Assistance Program (#11.307)	Cash on hand and outstanding balance of loans receivable from subrecipients at year-end.

Preparing the federal schedules.xls template; RECEIVED FROM STATE tab

The **Received from State tab** identifies Federal assistance disbursed from other State agencies / institutions and received by the entity in a subrecipient relationship. The Federal assistance is listed by CFDA number and by State grantor agency / institution. **The Other Assistance tab has been eliminated. Report amounts related to unknown CFDA numbers that were received from state agencies/institutions on this tab and expenditures made from these funds on the SEFA tab.**

Instructions for preparing the **Received from State tab** are in the following table.

Step	Action
1	Click on the RECEIVED FROM STATE tab. Enter your assigned code in cell B2 (the first yellow highlighted cell). After you type in the assigned code, hit enter and your entity name should appear in cell B1, the cell directly above agency number. The assigned code and title are linked to the remaining tabs. Make sure your assigned code appears on all other spreadsheets. ONLY include federal money received from a Virginia state agency/institution.
2	In Column B, enter the State agency / institution number for the agency / institution that disbursed Federal pass-through funds to your entity beginning on line 8. Fill in one line for each grantor agency/institution and CFDA. When you hit enter, the assigned code for your entity should appear in Column A, and the grantor state agency / institution name should appear in Column C. Please ensure that the correct names appear to ensure you have keyed the correct number.
3	Key the CFDA numbers in numerical order in Column D. As each CFDA number is keyed, hit enter. The federal program name will appear in Column E. Please ensure this is the name of the program under which the funds were received. Report each CFDA number only once on the schedule unless the CFDA number has both research and development (R & D) expenditures and expenditures other than R & D. Key “@” in column G to indicate R & D expenditures.

Step	Action
4	In Column F, enter the total amount of pass-through funds received from other State agencies/institutions. Use the cash basis or the value of nonmonetary assistance to report these receipts. Expenditures made from these funds should also be included on the SEFA tab.
5	A column titled “Program Name - Unidentified CFDA Number” has been added to each tab in the Federal Schedules.xls file. Enter the program name (if known) in the new column if N/A appears in the program name column when the known and verified CFDA number is entered.

Preparing the federal schedules.xls template; **RECEIVED FROM NONSTATE** tab

The **Received from Nonstate** tab identifies Federal assistance disbursed from non-state entities and received by the entity in a subrecipient relationship. **Also, this tab identifies the Federal expenditures made from the pass-through funds received from the non-state entities.** (See page 6 for the definition of non-state entities.) The Federal receipts and disbursements are listed by CFDA number **and** by non-state entity name. **The Other Assistance tab has been eliminated. Report amounts related to unknown CFDA numbers that were received from non-state entities and the related expenditures made from the pass-through funds received on this tab. DO NOT report expenditures made from the pass-through funds received from non-state entities on the SEFA tab.**

DO NOT ABBREVIATE THE NON-STATE ENTITY NAMES. DOA WILL NOT ACCEPT TEMPLATES THAT CONTAIN ABBREVIATIONS.

Instructions for preparing the **Received from Nonstate** tab are in the following table.

Step	Action

Attachment CU6 - Instructions
Schedule of Cash, Cash Equivalents, and Investments at June 30

Purpose

This attachment is used to gather uniform financial reporting information for CAFR note disclosures required by GASBS No. 3, Deposits with Financial Institutions, Investments (including Repurchase Agreements), and Reverse Repurchase Agreements, as amended by GASBS No. 40, Deposits and Investment Risk Disclosures. This attachment combines prior year attachments CU6 and CU12.

Applicable entities

- A.L. Philpott Manufacturing Extension Partnership
- Hampton Roads Sanitation District Commission
- Virginia Biotechnology Research Park Authority
- Virginia Equine Center Foundation and Virginia Horse Center Foundation
- Virginia Housing Development Authority
- Virginia Port Authority and Virginia International Terminals
- Virginia Resources Authority

Note: If the specific information requested in each tab is already included in the footnotes, then the entity must provide the footnote number and page number in the financial statements where the information is disclosed. If the specific information requested is not in the footnotes, enter “N/A” and complete the section or worksheet.

Due date

September 27, 2005

Submission requirements

After downloading the file, rename the spreadsheet file using the entity’s acronym followed by AttCU6. For example, the Virginia Resources Authority should rename its Attachment CU6.xls file as VRAAttCU6.xls.

Submit the Excel spreadsheet electronically to finrept@doa.virginia.gov.

Copy APA via E-mail to APAFinRept@apa.virginia.gov.

Do not submit paper copies of the Excel attachment.

**Attachment
revisions**

If attachment revisions are made subsequent to DOA acknowledgement of receipt and acceptance of the original attachment submission, **resubmit the revised attachment AND complete the Revision Control Log Tab in the excel file attachment.**

Enter the revision date, applicable excel file tab name, row number and column letter revised, and the previous and revised information. Document text changes and numerical changes. Only enter changes for amounts actually keyed. For example, if a non-keyed, calculated total changes as a result of the revision, this does not need to be documented on the Revision Control Log.

If the attachment is revised more than once, do not delete control log revision information from the previous revision. Enter the new revision date and the additional revisions in the rows following the initial revision rows. This log should document all revisions from the initial attachment submission.

Recommended

It is recommended that each entity obtain copies of GASBS No. 3, GASBS No. 40, and the GASBS No. 40 Implementation Guide for better understanding of this attachment.

As defined

Cash – the standard medium of exchange (paper currency) that must be readily available for the payment of current obligations, and it must be free from any contractual restriction that limits its use in satisfying debts.

Cash Equivalents – instruments or investments of such high liquidity (original maturity of 90 days or less) and low risk that they are virtually as good as cash. Examples are a nonnegotiable certificate of deposit, money market fund, Treasury bill, and monies in the State Non-Arbitrage Program (SNAP). Whether an asset is a cash equivalent is determined only once based on the length of the original maturity when the asset is first acquired.

Investments – securities and other assets acquired primarily for the purpose of obtaining income or profit with an original maturity greater than 90 days. This includes securities, which are transferable financial instruments that evidence ownership or creditorship.

Security – generally, an instrument evidencing debt of or equity in a common enterprise in which a person invests on the expectation of financial gain. The term includes notes, stocks, bonds, debentures or other forms of negotiable and nonnegotiable evidences of indebtedness or ownership.

6	This step automatically calculates the sum of amounts in parts 2a and 4a (total unrestricted and restricted cash not with the Treasurer of Virginia). This total amount should agree to the amount reported on the entity’s financial statement for cash not with the Treasurer of Virginia.
7a-d	Report the unrestricted and restricted cash equivalents and investments the entity has with the Treasurer of Virginia. If the entity has LGIP or SNAP, DOA will need the entity to further report the detail at parts 8 and 9 below.
8a-d	Report the amount the entity has in the Local Government Investment Pool (LGIP) broken down between unrestricted and restricted cash equivalents and investments. Provide the LGIP account number and amount (the amount listed for each account must come from the LGIP statement). If applicable, let DOA know where the entity has these monies in CARS by providing the GLA and fund/fund detail.
9a-d	Report the amount the entity has in the State Non-Arbitrage Program (SNAP) broken down between unrestricted and restricted cash equivalents and investments. Provide the SNAP account number and amount (the amount listed for each account must come from the SNAP statement). If applicable, let DOA know where the entity has these monies in CARS by providing the GLA and fund/fund detail.
10	Report the amount of cash equivalents and investments NOT held by the Treasurer of Virginia . <u>This amount should agree to the “total reported amount” on the “Cash Equiv. & Inv. NOT w Treas.” tab of the spreadsheet.</u>
11	List the total fair value of cash equivalent/investment types subject to foreign exchange risk. Foreign exchange risk is the risk of an investment’s value changing due to changes in currency exchange rates and/or the risk that an investor will have to close out a long or short position in a foreign currency at a loss due to adverse movements in exchange rates. This amount must equal the total of the fair value amount in the “Foreign Currency Inv” tab of the spreadsheet.

**Directions for
the “Cash
Equiv. & Inv.
NOT w Treas.”
tab**

According to GASBS No. 40, agencies that have cash equivalents and investments not with the Treasurer of Virginia will need to report more detailed information about the risk of their cash equivalents and investments. This spreadsheet requests the necessary information DOA will need to properly report this information in the CAFR.

List cash equivalent or investment by type and issuer:

In prior years, agencies had to provide information by type of cash equivalent or investment. While DOA is continuing to request this information, DOA will also need each issuer (further broken by each issue) for most cash equivalent and investment types. This information is needed to satisfy the concentration of credit risk for GASBS No. 40. DOA is also requesting any applicable ticker symbol **and** CUSIP number for each issue. (The ticker symbol and CUSIP number is needed to help DOA in sorting all the issuers to ensure there is no one issuer greater than 5% of net assets or plan net assets for any particular fund.)

Note: **Ginnie Mae** is the only asset backed security that should be included with U.S. Treasury and Agency Securities. This is because it is explicitly backed by the U.S. Government. Securities such as **Fannie Mae**, **Sallie Mae**, and the **Federal Farm Credit Banks** are **NOT** explicitly backed by the U.S. Government and should not be included in U.S. Treasury and Agency Securities.

Example: For the cash equivalent or investment type “Common and Preferred Stocks,” the entity would list each issuer such as General Electric Corp. The entity would also list their ticker symbol “GE”. Because it is an equity security, no credit quality rating would need to be given. The entity would then classify the custodial rate risk for this security.

Credit Quality Rating (AAA, BB, Unrated, etc.):

List the applicable credit quality rating. The credit quality ratings of cash equivalents and investments in debt securities (corporate bonds, corporate notes, etc) as described by nationally recognized statistical rating organizations (rating agencies) must be disclosed.

Obligations of the U.S. government or obligations **explicitly** guaranteed by the U.S. government are not considered to have credit risk and do not require disclosure of credit quality. Negotiable certificates of deposit are also exempt from credit quality ratings. Repurchase agreements are exempt from credit quality ratings **only** if the underlying security is explicitly guaranteed by the U.S. government. The credit quality ratings of external investment pools, money market funds, bond mutual funds, and other pooled investments of fixed-income securities should be disclosed. **If a credit quality disclosure is required and the investment is unrated, the disclosure should indicate that fact.**

Interest rate risk (i.e. maturity) of each cash equivalent and investment:

The interest rate risk of debt investments must be disclosed by investment type and amount. DOA has selected the segmented time distribution method as outlined in GASBS No. 40. This requirement will require the agencies provide, by amount and issuer, the maturity of their debt investments.

The cash equivalent amounts would be listed in the 0-3 month maturity column, and investment amounts would be listed in one of the investment column maturities (4-12 months, 1-5 years, 6-10 years, greater than 10 years) depending on the investment securities that have maturities. Most equity type investments do not have a maturity and their total would only be reported in the “category 3” and/or “uncategorized” columns in the custodial credit risk section.

Negotiable certificates of deposit should be classified as cash equivalents or investments depending on the original maturity. Negotiable instruments are securities that are normally sold in \$1 million units and that can be traded in a secondary market. **Non-negotiable certificates** of deposit should always be reported as cash equivalents (0-3 months). Non-negotiable instruments are time deposits that are placed by depositors directly with financial institutions and that are generally subject to a penalty if redeemed before maturity.

Custodial credit risk:

Per GASBS No. 40, the requirement to disclose cash equivalents and investments as categories 1 and 2 is no longer necessary. These amounts should be reported in the uncategorized column. If the security, however, meets the following criteria, the security must still be reported as Category 3.

- Uninsured,
- Not registered in the name of the government, and
- Are held by either the counterparty or the counterparty’s trust department or agent

Note: Investments in external investment pools and in open-end mutual funds are not exposed to custodial credit risk because their existence is not evidenced by securities that exist in physical or book entry form. Securities underlying reverse repurchase agreements are not exposed because they are held by the buyer-lender.

List the total custodial credit risk that is considered category 3 and the amount that is uncategorized (remaining amount) for each issuer. For debt securities, the total of these two columns should equal the sum of the interest rate risk columns mentioned above or an error message will appear. Equity securities (common, preferred stock, index funds, equity index and pooled funds, and real estate) will not have a maturity, and their total would only be reported in the custodial credit risk section.

GASBS No. 20 for Proprietary Funds

GASBS No. 20
requirements

GASBS No. 20, Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting, provides governments two options for reporting proprietary fund activities (including component units reporting business-type activity). The options are as follows:

- **Option 1:** Apply all applicable GASB pronouncements and all FASB Statements and Interpretations, Accounting Principles Board (APB) Opinions and Accounting Research Bulletins (ARB) issued **on or before** November 30, 1989, unless those conflict with or contradict GASB pronouncements.
- **Option 2:** Apply all of the above pronouncements and also apply all FASB Statements and Interpretations issued **after** November 30, 1989 except for those that conflict with or contradict GASB pronouncements. *GASBS No. 29, The Use of Not-for-Profit Accounting and Financial Reporting Principles by Governmental Entities*, limits the application of FASB Statements and Interpretations issued after November 30, 1989 to those that are developed primarily for business enterprises.

**Section 1 –
Depreciation
and Capital
Assets**

This section reports the changes in total net capital assets.

Nondepreciable Capital Assets and Depreciable Capital Assets:

Key in positive balances for "Balance as of July 1, 2004" and the "Increases" column. Key in negative amounts for the "Decreases" column. If the entity keys in a wrong sign, an error box will pop up stating that an incorrect sign has been entered. There is a formula that will automatically calculate the "Balance as of June 30, 2005."

Note: Total "Nondepreciable Capital Assets" per the footnote must agree to the "Total Nondepreciable Capital Assets" reported on the Statement of Net Assets.

Accumulated Depreciation

This is just the opposite of the above. Key in negative amounts for "Balance as of July 1, 2004" and the "Increases" column, and key in positive amounts for the "Decreases" column. If the entity keys in a wrong sign, an error box will pop up stating that an incorrect sign has been entered. There is a formula that will automatically calculate the "Balance as of June 30, 2005."

Total Depreciable Capital Assets, Net & Total Capital Assets, Net

A formula will automatically calculate these two line items.

Note: Total "Depreciable Capital Assets, Net" per the footnote must agree to the "Total Depreciable Capital Assets, Net" reported on the Statement of Net Assets.

Verify the "Balance as of July 1, 2004" amounts agree to the ending balances reported in the prior year. If the amounts do not agree, provide an explanation.

DOA needs to know if the entity has any works of art or historical treasures that are not capitalized, and if so, a description of the items. In order for works of art or historical treasures not to be capitalized, **ALL THREE** of the following criteria must be met.

- The assets are "held for public exhibition, education, or research in furtherance of public service rather than financial gain"
 - The assets are "protected, kept unencumbered, cared for, and preserved," and
 - The assets are "subject to an organizational policy that requires the proceeds from sales of collection items to be used to acquire other items for collections"

Proprietary Funds – Conversion to Statement of Activities

Purpose

The Statement of Revenues, Expenses, and Changes in Fund Net Assets must be converted to the Government-wide Statement of Activities to be reported in the Commonwealth's Comprehensive Annual Financial Report (CAFR). This attachment provides a spreadsheet to complete the conversion.

This attachment is similar to prior year Attachment CU10.

Applicable entities

- A.L. Philpott Manufacturing Extension Partnership
- Hampton Roads Sanitation District Commission
- Virginia Biotechnology Research Park Authority
- Virginia Equine Center Foundation and Virginia Horse Center Foundation
- Virginia Housing Development Authority
- Virginia Port Authority and Virginia International Terminals
- Virginia Resources Authority.

Note: This worksheet includes a question asking if the entity is providing a Statement of Activities to the Department of Accounts. Answer "Yes" or "No" in the yellow box to the right of the questions. If yes, then the entity only needs to complete the contact information and submit the attachment. If no, the entity will need to complete the attachment.

**Revenue
classification**

GASBS No. 34 requires that revenue be classified as one of the following on the Government-wide Statement of Activities:

- General Revenue
- Program Revenues-Charges for Goods/Services
- Program Revenues-Operating Grants and Contributions
- Program Revenues-Capital Grants and Contributions

Program revenue must also be classified by expense segment.

Refer to GASBS No. 34 and the Implementation Guides for further guidance.

**Expense
segments
associated with
program
revenue**

GASBS No. 34 requires that program revenues be presented as a reduction of the total expense of the benefiting segment; therefore, expense segments must be assigned to revenues. For **charges for services**, this is the segment that generates the revenue. For **grants and contributions**, this is the segment to which the revenues are restricted. For CAFR reporting purposes, the individual entities represent segments.

**General
revenue**

All revenues are general revenues unless the revenues are required to be reported as program revenues. General revenues include taxes, investment earnings, and grants/contributions not restricted to specific programs.

**Program
revenue**

The following are descriptions of the classifications of program revenue.

- **Charges for Goods/Services** – include revenues based on exchange or exchange-like transactions. These revenues arise from charges to customers or applicants who purchase, use or directly benefit from the goods, services, or privileges provided.
- **Operating Grants and Contributions** – include revenues arising from mandatory and voluntary nonexchange transactions with other governments, organizations, or individuals that are restricted for use in a particular program. Grants and contributions that may be used either for operating expenses or for capital expenditures of the program at the discretion of the reporting government should be reported as Operating Grants and Contributions.
- **Capital Grants and Contributions** – include revenues arising from mandatory and voluntary nonexchange transactions with other governments, organizations, or individuals that are restricted for use in a particular program. Some grants and contributions consist of capital assets or resources that are restricted for capital purposes (to purchase, construct, or renovate capital assets associated with a specific program). These items should be reported as Capital Grants and Contributions.

Multipurpose Grants (grants that provide financing for more than one program) – should be reported as program revenue if the amounts restricted to each program are specifically identified in either the grant award or the grant application. Multipurpose grants that do not provide for specific identification of the programs and amounts should be reported as General Revenues.

Program revenue (continued)

Earnings on endowments or permanent fund investments should be reported as program revenues if restricted to a program specifically identified in the endowment or permanent fund agreement or contract. However, these earnings should be reported as General Revenue if the earnings are used to finance general operating expenses. Earnings on investments not held by permanent funds also may be legally restricted to specific segments or programs. For example, interest earnings on state grants may be required to be used to support a specific program.
